NOTES TO THE CONDENSED CONSOLIDATED INTERIM FINANCIAL STATEMENTS (Unaudited)

1. DESCRIPTION OF BUSINESS

Labrador-Island Link Limited Partnership (the Partnership or LIL LP) was formed on July 31, 2012 under the laws of the Province of Newfoundland and Labrador. The Partnership's head office is located at 500 Columbus Drive, St. John's, Newfoundland and Labrador, A1B 0C9, Canada.

The Partnership has two limited partners, Labrador-Island Link Holding Corporation (LIL Holdco), a wholly-owned subsidiary of Nalcor Energy (Nalcor), and Emera Newfoundland and Labrador Island Link Inc. (Emera NL). LIL Holdco holds 75 Class A partnership units and one Class C unit while Emera NL holds 25 Class B units. The Partnership is expected to terminate on December 31, 2081, unless terminated earlier or extended in accordance with the Labrador-Island Link Limited Partnership Agreement (the Partnership Agreement or LIL LPA).

The general partner of the Partnership is Labrador-Island Link General Partner Corporation (the General Partner or LIL GP), a wholly-owned subsidiary of Nalcor. Although the General Partner holds legal title to the assets, the Partnership is the beneficial owner and assumes all risks and rewards of the assets.

The Partnership was formed to carry on the business of designing, engineering, constructing, commissioning, owning, financing, operating and maintaining the assets and property constituting the Labrador-Island Link (LIL). LIL LP has entered into the LIL Lease and the Transmission Funding Agreement (TFA) with Labrador-Island Link Operating Corporation (LIL Opco) and Newfoundland and Labrador Hydro (Hydro), both of which are wholly-owned subsidiaries of Nalcor. These agreements effectively provide Hydro with transmission services over the LIL. LIL Opco will maintain and operate the LIL on behalf of the Partnership.

2. SIGNIFICANT ACCOUNTING POLICIES

9. FINANCIAL INSTRUMENTS

Fair Value

The estimated fair values of financial instruments as at June 30, 2021 and December 31, 2020 are based on relevant market prices and information available at the time. Fair value estimates are based on valuation techniques which are significantly affected by the assumptions used including the amount and timing of future cash flows and discount rates reflecting various degrees of risk. As such, the fair value estimates disclosed are not necessarily indicative of the amounts that LIL LP might receive or incur in actual market transactions.

As a significant number of LIL LP's assets and liabilities do not meet the definition of a financial instrument, the fair value estimates disclosed do not reflect the fair value of LIL LP as a whole.

Establishing Fair Value

Financial instruments recorded at fair value are classified using a fair value hierarchy that reflects the nature of the inputs used in making the measurements. The fair value hierarchy has the following levels:

Level 1 - valuation based on quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 - valuation techniques based on inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3 - valuation techniques using inputs for the asset or liability that are not based on observable market data (unobservable inputs).

The fair value hierarchy requires the use of observable market inputs whenever such inputs exist. A financial instrument is classified to the lowest level of the hierarchy for which a significant input has been considered in measuring fair value. For assets and liabilities that are recognized at fair value on a recurring basis, the Partnership determines whether transfers have occurred between levels in the hierarchy by reassessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period. There were no transfers between Level 1, 2 and 3 fair value measurements during the period ended June 30, 2021 and the year ended December 31, 2020.

	Level	Carrying Value	Fair Value	Carrying Value	Fair Value
		June 30, 2021		December 31, 2020	
<i>As at (thousands of Canadian dollars)</i>					
Financial liabilities					
Long-term debt including amount due within one year	2	3,430,641	4,120,719	3,441,178	4,573,123
Class A limited partnership units	3	897,207	897,207	749,390	749,390
Class B limited partnership units	3	653,582	653,582	627,669	627,669

The fair values of cash, restricted cash, trade and other receivables, advances and trade and other payables approximate their carrying values due to their short-term maturity.

The fair values of Level 2 financial instruments are determined using quoted prices in active markets, which in some cases are adjusted for factors specific to the asset or liability. Level 2 fair values of other risk management assets and liabilities and long-term debt are determined using observable inputs other than unadjusted quoted prices, such as interest rate yield curves.

The Class A and Class B limited partnership units are carried at amortized cost, calculated using the effective interest method, which approximates fair value. The effective interest rate of 8.5% (December 31, 2020 - 8.5%) is defined in the Newfoundland and Labrador Development Agreement as Emera NL's rate of return on equity, and is equal to the rate approved by the Newfoundland and Labrador Board of Commissioners of Public Utilities for privately-owned regulated electrical utilities. Due to the unobservable nature of the effective interest rate and resulting discounted cash flows associated with the units, the instruments have been classified as Level 3.

LABRADOR - ISLAND LINK LIMITED PARTNERSHIP
NOTES TO THE CONDENSED CONSOLIDATED INTERIM FINANCIAL STATEMENTS (Unaudited)

The table below sets forth a summary of changes in fair value of the Partnership's Level 3 financial liabilities given a one percent change in the discount rate while holding other variables constant:

<i>(thousands of Canadian dollars)</i>	1% increase in discount rate	1% decrease in discount rate
Class A limited partnership units	(37,296)	35,502
Class B limited partnership units	(35,755)	34,099
Total	(73,051)	69,601
