Dear [REDACTED]

Re: Your request for access to information under Part II of the *Access to Information and Protection of Privacy Act, 2015* (File #: PB/1174/2022)

On December 5, 2022, we received your request for access to the following records/information:

I'd like to request a list of NL Hydro's current cryptocurrency/data hosting customers in Labrador, how much electricity they are currently receiving, and how much - if any - they are looking for above and beyond what is available (both firm and non-firm).

Also, a list of requests from new crypto/data housing companies looking to move into Labrador, and how much energy they're requesting.

And lastly, wondering if any crypto/data housing customers may have cut their service over the past year?

Please be advised that access to records responsive to your request are publically available in accordance with the following exceptions to disclosure, as specified in the **Access to Information and Protection of Privacy Act (the ATIPPA)**.

Section 22(1)(a): The head of a public body may refuse to disclose a record or part of a record that is published and is available to the public whether without cost or for purchase.

The following two documents are responsive to your request and are publically available at the link below.
