NOTES TO THE CONDENSED CONSOLIDATED INTERIM FINANCIAL STATEMENTS (Unaudited)

1. DESCRIPTION OF BUSINESS

Labrador-Island Link Limited Partnership (LIL LP) was formed on July 31, 2012 under the laws of the Province of Newfoundland and Labrador. LIL LP's head office is located at 500 Columbus Drive, St. John's, Newfoundland and Labrador, A1B 0M4, Canada.

LIL LP has two limited partners, Labrador-Island Link Holding Corporation (LIL Holdco), a wholly-owned subsidiary of Nalcor Energy (Nalcor), and Emera Newfoundland and Labrador Island Link Inc. (Emera NL). LIL Holdco holds 75 Class A partnership units and one Class C unit while Emera NL holds 25 Class B units. LIL LP is expected to terminate on December 31, 2081, unless terminated earlier or extended in accordance with the Labrador-Island Link Limited Partnership Agreement (the Partnership Agreement).

The general partner of LIL LP is Labrador-Island Link General Partner Corporation (LIL GP), a wholly-owned subsidiary of Nalcor. Although LIL GP holds legal title to the assets, LIL LP is the beneficial owner and assumes all risks and rewards of the assets.

LIL LP was formed to carry on the business of designing, engineering, constructing, commissioning, owning, financing, operating and maintaining the assets and property constituting the Labrador-Island Link (LIL). LIL LP has entered into the LIL Lease and the Transmission Funding Agreement (TFA) with Labrador-Island Link Operating Corporation (LIL Opco) and Newfoundland and Labrador Hydro (Hydro), both of which are wholly-owned subsidiaries of Nalcor. These agreements effectively provide Hydro with transmission services over the LIL. LIL Opco will maintain and operate the LIL on behalf of LIL LP.

2. SIGNIFICANT ACCOUNTING POLICIES

2.1 Statement of Compliance and Basis of Measurement

These condensed consolidated interim financial statements have been prepared in accordance with *International Accounting Standard 34 - Interim Financial Reporting* and have been prepared using accounting policies consistent with those used in the preparation of the annual audited consolidated financial statements for the year ended December 31, 2022.

These condensed consolidated interim financial statements do not include all of the disclosures normally found in LIL LP's annual audited consolidated financial statements and should be read in conjunction with the annual audited consolidated financial statements.

These condensed consolidated interim financial statements have been prepared on a historical cost basis and are presented in Canadian dollars with all values rounded to the nearest thousand, except when otherwise noted. LIL GP has delegated the authority to approve the condensed consolidated interim financial statements to the Audit Committee of the Board of Directors of Nalcor, which approved the condensed consolidated interim financial statements on May 15, 2023.

2.2 Basis of Consolidation

These condensed consolidated interim financial statements include the financial statements of LIL LP and the LIL Construction Project Trust (the IT). Intercompany transactions and balances have been eliminated upon consolidation. Upon commissioning of the LIL, the IT will take steps to terminate and assign all indebtedness, rights, titles and interest under the IT Project Finance Agreement (IT PFA) to the Labrador – Island Link Funding Trust (LIL Funding Trust).

Capitalized Borrowing Costs

The construction of the LIL is being financed, in part, through the issuance of long-term debt. For the period ended March 31, 2023, \$26.7 million (December 31, 2022 - \$112.4 million) of borrowing costs were capitalized. LIL LP also capitalized borrowing costs associated with the Class A units and the Class B units of \$47.2 million (December 31, 2022 - \$163.9 million) as non-cash additions to property, plant and equipment.

8. FINANCIAL INSTRUMENTS

Fair Value

The estimated fair values of financial instruments as at March 31, 2023 and December 31, 2022 are based on relevant market prices and information available at the time. Fair value estimates are based on valuation techniques which are significantly affected by the assumptions used including the amount and timing of future cash flows and discount rates reflecting various degrees of risk. As such, the fair value estimates disclosed are not necessarily indicative of the amounts that LIL LP might receive or incur in actual market transactions.

As a significant number of LIL LP's assets and liabilities do not meet the definition of a financial instrument, the fair value estimates disclosed do not reflect the fair value of LIL LP as a whole.

Establishing Fair Value

Financial instruments recorded at fair value are classified using a fair value hierarchy that reflects the nature of the inputs used in making the measurements. The fair value hierarchy has the following levels:

Level 1 - valuation based on quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 - valuation techniques based on inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3 - valuation techniques using inputs for the asset or liability that are not based on observable market data (unobservable inputs).

LABRADOR - ISLAND LINK LIMITED PARTNERSHIP
NOTES TO THE CONDENSED CONSOLIDATED INTERIM FINANCIAL STATEMENTS (Unaudited)

The fair value hierarchy requires the use of observable market inputs whenever such inputs exist. A financial instrument is classified to the lowest level of the hierarchy for which a significant input has been considered in measuring fair value. For assets and liabilities that are recognized at fair value on a recurring basis, LIL LP determines whether transfers have occurred between levels in the hierarchy by reassessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period. There were no transfers between Level 1, 2 and 3 fair value measurements during the period ended March 31, 2023 and the year ended December 31, 2022.

	Level	Carrying Value	Fair Value	Carrying Value	Fair Value
		March 31, 2023		December 31, 2022	
<i>As at (thousands of Canadian dollars)</i>					
Financial liabilities					
Long-term debt including amount due within one year	2	3,399,015	3,191,115	3,399,032	3,084,492
Class A limited partnership units	3	1,611,700	1,611,700	1,579,508	1,579,508
Class B limited partnership units	3	753,922	753,922	738,908	738,908

The fair values of cash, restricted cash, trade and other receivables, and trade and other payables approximate their carrying values due to their short-term maturity.

The fair values of Level 2 financial instruments are determined using quoted prices in active markets, which in some cases are adjusted for factors specific to the asset or liability. Level 2 fair values of other risk management assets and liabilities and long-term debt are determined using observable inputs other than unadjusted quoted prices, such as interest rate yield curves.

The Class A and Class B limited partnership units are carried at amortized cost, calculated using the effective interest method, which approximates fair value. The effective interest rate of 8.5% (December 31, 2022 - 8.5%) is defined in the Newfoundland and Labrador Development Agreement as the rate of return on equity, and is equal to the rate approved by the Newfoundland and Labrador Board of Commissioners of Public Utilities for privately-owned regulated electrical utilities. Due to the unobservable nature of the effective interest rate and resulting discounted cash flows associated with the units, the instruments have been classified as Level 3.

The table below sets forth a summary of changes in fair value of LIL LP's Level 3 financial liabilities given a one percent change in the discount rate while holding other variables constant:

<i>(thousands of Canadian dollars)</i>	1% increase in discount rate	1% decrease in discount rate
Class A limited partnership units	(65,388)	61,843
Class B limited partnership units	(54,118)	50,824
Total	(119,506)	112,667

9. RELATED PARTY TRANSACTIONS

LIL LP enters into various transactions with its partner and other related parties. Unless otherwise noted, these transactions occur within the normal course of operations and are measured at the exchange amount, which is the amount of consideration agreed to by the related parties. Outstanding balances due to or from related parties are non-interest bearing with settlement within 30 days, unless otherwise stated.
