RE: Amalgamation - Nalcor Energy / Newfoundland and Labrador Hydro

Dear Supplier:

Please be advised that effective January 1, 2025, Nalcor Energy and Newfoundland and Labrador Hydro (collectively "Predecessor Companies") will amalgamate pursuant to the *Hydro Corporations Act, 2023* ("Act") to form the newly amalgamated Crown corporation known as Newfoundland and Labrador Hydro.

The Act provides that as of January 1, 2025 (a) title to all property of the Predecessor Companies vests in newly amalgamated Newfoundland and Labrador Hydro, (b) title and interest in all real property held previously by either of the Predecessor Companies will be held by newly amalgamated Newfoundland and Labrador Hydro, (c) agreements or contracts entered into by the Predecessor Companies continue in full force and effect and are binding upon newly amalgamated Newfoundland and Labrador Hydro and parties to such agreements, (d) newly amalgamated Newfoundland and Labrador Hydro is charged with and assumes all obligations and liabilities of the Predecessor Companies, and (e) existing causes of actions, claims, liabilities, orders and/or judgments of or against the Predecessor Companies continue to exist unaffected in favour of or against newly amalgamated Newfoundland and Labrador Hydro. In other words, your relationship with the Predecessor Companies will continue "as is" in 2025 with Newfoundland and Labrador Hydro.

Please address and direct future correspondence, including the submission of invoices and any works deliveries to **Newfoundland and Labrador Hydro** and continue to communicate with individual(s) you had been working with prior to the effective date of the amalgamation.

If you have any questions, please contact the undersigned at the e-mail address below.

Yours Truly,

Dana Higdon
Senior Manager Supply Chain and Administration
