LIL (2021) LIMITED PARTNERSHIP

NOTES TO THE CONDENSED CONSOLIDATED INTERIM FINANCIAL STATEMENTS (Unaudited)

1. DESCRIPTION OF BUSINESS

LIL (2021) Limited Partnership (LIL (2021) LP) was formed on November 10, 2022 under the laws of the Province of Newfoundland and Labrador. LIL (2021) LP's head office is located at 500 Columbus Drive, St. John's, Newfoundland and Labrador, A1B 0M4, Canada.

LIL (2021) LP has a limited partner, Labrador-Island Link Holding (2021) Corporation (LIL Holdco (2021)) and general partner, Labrador-Island Link General Partner (2021) Corporation (LIL GP (2021)). LIL Holdco (2021) holds all of the Class A partnership units and LIL GP (2021) holds the only general partnership unit of LIL (2021) LP.

LIL (2021) LP holds 100% interest in Labrador-Island Link Holding Corporation (LIL Holdco). LIL Holdco, together with the Labrador-Island Link General Partner Corporation (LIL GP), represent Newfoundland and Labrador Hydro (Hydro)'s interests in Labrador-Island Link Limited Partnership (LIL LP). KKR Island Link Incorporated (KKR) is the remaining limited partner of LIL LP. LIL LP was established to carry on the business of designing, engineering, constructing, commissioning, owning, financing and sustaining the assets and property constituting the Labrador-Island Link (LIL). LIL LP has entered into the LIL Lease and the Transmission Funding Agreement (TFA) with Labrador-Island Link Operating Corporation (LIL Opco) and Hydro. These agreements effectively provide Hydro with transmission services over the LIL. LIL Opco maintains and operates the LIL on behalf of LIL LP.

LIL (2021) LP is administering a Federal Government of Canada (Canada) investment in the form of a committed convertible debenture in the amount of \$1 billion, which may be drawn in amounts of up to \$150 million per year. The convertible debenture is convertible at the sole option of Canada into Class B Units of LIL (2021) LP following the earlier of the full advance of the committed debenture balance and December 31, 2041.

- 1.1** Effective January 1, 2025, Nalcor Energy and its wholly owned subsidiary Newfoundland and Labrador Hydro were legislatively amalgamated into Hydro, a new legal corporation that continues under the name "Newfoundland and Labrador Hydro". The amalgamation was accounted for as a business combination under common control. Upon the amalgamation, LIL Holdco (2021) is wholly owned and controlled by the amalgamated entity (Hydro).

2. MATERIAL ACCOUNTING POLICIES

2.1 Statement of Compliance and Basis of Measurement

These condensed consolidated interim financial statements have been prepared in accordance with *International Accounting Standard 34 - Interim Financial Reporting* and have been prepared using accounting policies consistent with those used in the preparation of the annual audited consolidated financial statements for the year ended December 31, 2024.

These condensed consolidated interim financial statements do not include all of the disclosures normally found in LIL (2021) LP's annual audited consolidated financial statements and should be read in conjunction with the annual audited consolidated financial statements.

These condensed consolidated interim financial statements have been prepared on a historical cost basis and are presented in Canadian Dollars (CAD) with all values rounded to the nearest thousand, except when otherwise noted. The Board of Directors of LIL GP (2021) has delegated the authority to approve the condensed consolidated interim financial statements to the Audit Committee of the Board of Directors of Hydro, which approved the condensed consolidated interim financial statements on August 14, 2025.

2.2 Basis of Consolidation

These condensed consolidated interim financial statements include the financial statements of LIL (2021) LP, LIL Holdco, and LIL LP. Intercompany transactions and balances have been eliminated upon consolidation.

10. FINANCIAL INSTRUMENTS**Fair Value**

The estimated fair values of financial instruments as at June 30, 2025 and December 31, 2024 are based on relevant market prices and information available at the time. Fair value estimates are based on valuation techniques which are significantly affected by the assumptions used including the amount and timing of future cash flows and discount rates reflecting various degrees of risk. As such, the fair value estimates disclosed are not necessarily indicative of the amounts that LIL (2021) LP might receive or incur in actual market transactions.

As a significant number of LIL (2021) LP's assets and liabilities do not meet the definition of a financial instrument, the fair value estimates disclosed do not reflect the fair value of LIL (2021) LP as a whole.

Establishing Fair Value

Financial instruments recorded at fair value are classified using a fair value hierarchy that reflects the nature of the inputs used in making the measurements. The fair value hierarchy has the following levels:

Level 1 - valuation based on quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 - valuation techniques based on inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3 - valuation techniques using inputs for the asset or liability that are not based on observable market data (unobservable inputs).

LIL (2021) LIMITED PARTNERSHIP**NOTES TO THE CONDENSED CONSOLIDATED INTERIM FINANCIAL STATEMENTS (Unaudited)**

The fair value hierarchy requires the use of observable market inputs whenever such inputs exist. A financial instrument is classified to the lowest level of the hierarchy for which a significant input has been considered in measuring fair value. For assets and liabilities that are recognized at fair value on a recurring basis, LIL (2021) LP determines whether transfers have occurred between levels in the hierarchy by reassessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period. There were no transfers between Level 1, 2 and 3 fair value measurements during the period ended June 30, 2025 and the year ended December 31, 2024.

	Level	Carrying Value	Fair Value	Carrying Value	Fair Value
<i>As at (thousands of Canadian dollars)</i>		June 30, 2025		December 31, 2024	
Financial liabilities					
Long-term debt, including amount due within one year	2	3,652,789	3,357,847	3,658,873	3,414,357
Related party promissory note	2	705,342	705,342	705,342	705,342
Class B limited partnership units, including amount due within one year	3	973,145	973,145	979,411	979,411

The fair values of cash, restricted cash, trade and other receivables, related party receivable, and trade and other payables approximate their carrying values due to their short-term maturity.

The fair values of Level 2 financial instruments are determined using quoted prices in active markets, which in some cases are adjusted for factors specific to the asset or liability. Level 2 fair values of other risk management assets and liabilities and long-term debt are determined using observable inputs other than unadjusted quoted prices, such as interest rate yield curves.

The Class B limited partnership units are carried at amortized cost, calculated using the effective interest method, which approximates fair value. The effective interest rate as at June 30, 2025 is 8.9% (December 31, 2024 - 8.7%) which is the rate that discounts the estimated future cash flows to the amortized cost of the financial liabilities. Due to the unobservable nature of the effective interest rate and resulting discounted cash flows associated with the units, the instruments have been classified as Level 3.

The table below sets forth a summary of changes in fair value of LIL (2021) LP's Level 3 financial liabilities given a one percent change in the discount rate while holding other variables constant:

<i>(thousands of Canadian dollars)</i>	1% increase in discount rate	1% decrease in discount rate
Class B limited partnership units	(72,882)	69,363

11. RELATED PARTY TRANSACTIONS

LIL (2021) LP enters into various transactions with its partners and other related parties. Unless otherwise noted, these transactions occur within the normal course of operations and are measured at the exchange amount, which is the amount of consideration agreed to by the related parties. Outstanding balances due to or from related parties are non-interest bearing with settlement normally within 30 days.
